

# HIGH RESOLUTION INK JET FLUIDS

## **Ink Jet Fluids That Meet Or Exceed OEM Standards**

- High Quality cost competitive inks providing optimal value for our customers
- Exacting filtration standards eliminate more particulate matter than OEM inks
- 100% “pour-over” compatible with OEM inks
- Competitive lead times including available stocking programs to service your just in-time delivery needs

## **The Industry’s Best Performance Warranty**

Graphic Controls warrants that its inkjet fluid products are free from defects in material and workmanship, and will provide a full replacement or credit for products we supply that are defective and returned by the customer. Graphic Controls also warrants that its inks and related fluids will not cause excessive or abnormal wear to the ink jet printer/coder. This warranty excludes normal wear and tear to the printer/coder.

If it is determined that our inks and related fluids caused damage or excessive wear, we will bear the cost of service and/or repair if the following conditions are met:

- Reasonable precautions have been taken in handling, storage and use of Graphic Controls Ink Jet products.
- Damage is determined by qualified Ink Jet service representatives of both Graphic Controls and the customer.
- A report of such damage is written.
- An explanation and/or demonstration is provided to Graphic Controls confirming that the fluids are the cause of the problem.
- Damaged parts are returned to Graphic Controls.

Compare the Graphic Controls warranty with the warranty of other manufacturers, and you will soon discover why our customers have told us that we have the “best warranty in the industry.” Contact your Graphic Controls representative for complete warranty details.

## Reference guide

Graphic Controls' unique patented direct replacement cap fits many leading printers for fast, no-mess refills. Additional colors and custom sizes are available. Contact your Graphic Controls Representative for more information
