

High Resolution Case Coding Ink Jet Fluids

Bottle/ Cap Combination:

- Unmatched visibility to determine ink level
- Patented spill proof cap
- Vent tube to ensure uninterrupted ink flow
- Flexible package combinations

Ink Jet Fluids That Meet Or Exceed OEM Standards

Graphic Controls offers you a risk-free conversion to the perfect inks for a wide variety of case coding applications, including food and beverage, health, beauty and pharmaceutical packaging industries.

- Exacting filtration standards eliminate more particulate matter than OEM inks
- ISO 9001 manufacturing standards ensure consistent formulations
- Protected by the industry's only comprehensive warranty
- Patented direct replacement cap fits most high resolution printers
- Delivery within three working days on most orders

The Industry's Best Warranty

The inks and related fluids we supply for use in non-impact coders and printers are carefully selected and undergo extensive laboratory performance analysis prior to introduction. Graphic Controls warrants its products are free from defects in material and workmanship and will provide full replacement or credit for products which we supply that are defective and returned by the customer. Graphic Controls also warrants that its inks and related fluids will not cause excessive or abnormal wear to the ink jet printer/coder.

This warranty excludes normal wear and tear to the printer/coder.

Clean Up With Reduran®

Reduran®, the professional's choice in hand cleaners, is now available from Graphic Controls. Formulated especially to remove ink jet dyes from skin, Reduran is solvent-free, fast-acting and effective.

We Make Every Order Easy

Graphic Controls manufactures OEM-quality replacement inks for the Ink Jet manufacturers, models and inks in the chart at left. All Graphic Controls high resolution inks are available in convenient 500 ml direct replacement bottles. Our unique direct replacement cap fits virtually all leading printers for fast, no-mess refills. Custom colors available on request.

Contact your Graphic Controls Customer Service representative for more information.

Ordering is fast and convenient. Here's how:

1. Find your printer in the chart.
2. Select a Graphic Controls replacement ink from the chart.
3. Use Graphic Controls order number to indicate your choice of replacement inks.
